

Journal of Bank and Policy

Article Submission Template

This template is provided to assist authors in preparing manuscripts in accordance with the Journal of Bank and Policy submission guidelines. Please replace the placeholder text with your own manuscript content.

ARTICLE TITLE

Enter the title of your article here in CAPITAL LETTERS, bold, size 12. Avoid abbreviations.

AUTHOR INFORMATION

Full Name (Name, Patronymic if applicable, Surname)

Academic Degree and Professional Title

Institution and Address

E-mail Address (corresponding author indicated)

Telephone (work and mobile)

ORCID iD

ABSTRACT

Provide a short abstract (up to 150 words in English; optional French version). Use structured format highlighting purpose, methods, and findings. Font size 10.

KEYWORDS

Provide 3–6 keywords separated by semicolons.

EXTENDED ABSTRACT

Provide an extended abstract (up to 500 words). For English abstracts, structure as: Purpose, Design/Methodology/Approach, Findings/Results, Practical and Policy Implications, Originality/Value.

ARTICLE STRUCTURE

The manuscript should be organized as follows:

1. Introduction
2. Literature Review / Theoretical Framework
3. Methodology
4. Results and Analysis
5. Discussion
6. Conclusion (indicate novelty, relevance, implications)
7. Acknowledgements (if applicable)
8. Conflict of Interest Statement
9. References (APA 7 Style)

TABLES AND FIGURES

Insert tables and figures in the text where appropriate. Ensure all figures are numbered, titled, and accompanied by legends. Submit vector formats (*.pdf, *.eps, *.ai, *.cdr) where applicable.

REFERENCES

References must follow APA 7th Edition style. Ensure at least 70% of references are from the last 5–10 years. Examples:

Book: Wilkinson, I. (2017). *Oxford Handbook of Clinical Medicine*. Oxford: Oxford University Press.

Edited Book: Norman, I. J., & Redfern, S. J. (Eds.). (1996). *Psychological Help for the Elderly*. New York: Churchill Livingstone.

Journal Article: Vega, K. (1996). Heart transplantation and pancreatobiliary disease. *Annals of Internal Medicine*, 124(11), 962–980. <https://doi.org/10.7326/0003-4819-124-11-199606010-00005>
